Bible of Ebe T. Chandler 1858-1956

Preface:

Ebe T. Chandler was the fourth of five children of Joshua L Chandler and Catherine Mary Lynch. All five of their children lived to be at least 84 years old. Both Ebe and his father were sea captains. Joshua was famous for having died as a result of a lightning strike while he was on the deck of his schooner. Ebe was famous for having survived a shipwreck and spending 13 hours in the water before being rescued.

Ebe's American Chandler ancestry is believed to be as follows:
Ebe T Chandler 1858-1956 > Joshua L Chandler 1829-1877 > then possibly Augustus "Custus" Chandler [birth and death dates unknown]. Descendants of Joshua have Y-DNA tested and been categorized as belonging to Chandler Y-DNA Group 22.

Notes:

It isn't known if Ebe's actual Bible is still in existence.

The surviving copies of Ebe's Bible images include only three pages of family information. He states that he wrote these out while at "Old Point Comfort Virginia" in 1894. They all appear to be written by him on the same day. Birth information is given for himself, wife Hattie, and their three children: Birdie, Harvey, and Norman. Harvey's death date is also given, as is the marriage date for Ebe and Hattie.

The original images of three Bible pages provided by Justin M. Mascari were processed through Image Manipulation Software in both AI and manual modes. This produced the images on the previous three pages that are easier to read and transcribe. AI was also used to produce a preliminary transcription of the text.

The following page gives a transcription of Ebe's Bible pages where an attempt was made to match the original spelling and punctuation.

Bible of Ebe T. Chandler 1858-1956
